#### DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2024

The directors present herewith their report and audited financial statements of the company for the year ended 31st December 2024.

#### Activities

Airtel Mobile Commerce (Seychelles) Limited (the 'Company') carries on the business of electronic money services under the National Payment Act 2014. The Company is offering electronic mobile money service and is regulated by the Central Bank of Seychelles.

During the financial year 2024, active customer base grew by 180% to 109 (2023: 39). The number of agents remained flat at 63 (2023: 63).

Of the total e-value in circulation, agents and merchants hold 90% (2023: 97%) and 10% (2023: 3%) is held by subscribers.

#### Results

Airtel Mobile Commerce (Seychelles) Limited revenue declined by 26% to SCR 0.19 million, operating loss of SCR 0.35 million (2023: SCR 0.13Mn) due to lower uptake. IT issues in our vending machines and could not relaunch the AM services due to IT platform issues.

As described in the Statement of Profit or Loss and Other Comprehensive Income - by nature of expenses on page 6, activities for the year (Note 4) resulted in a drop in revenue to SCR 0.19 million (2023: 0.25 million) generated from service charges earned through subscriber transactions and commission earned from merchant transactions.

#### Employees

As at 31st December 2024 the company has two GSM shared resources (2023: two staff) for electronic mobile money service in the country.

Compliance on National payment system regulation 2022 for minimum capital requirement

As per National Payment System (Electronic Money) Regulation, 2022, which requires the company to hold unimpaired "initial capital" of not less than SCR1 mn.

The company has received exceptional approval from Central Bank of Seychelles in Oct'24 for exemption of minimum capital requirement (Net Equity) of SCR 1 Mn. The approval is valid till 3<sup>rd</sup> Oct 2025, post which extension of exemption from central bank to be taken or additional capital of approx. SCR 7 Mn is required to continue the business.

#### DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2024

Statutory disclosures under section 153 of the Companies Ordinance 1972

#### Principal Activities

Principal activity of the company is to provide electronic money services in Seychelles.

#### Directors and their interest in the company

The directors of the company during the year and their interest in accordance with the register maintained under section 111 of the Companies Act 1972 were as follows:-

			Share	s held
		Citizenship	1 January	31 December
Amadou Mahamat Di	na (resigned on 01 Sep 2024)	Tchadian	**	-
Eddy Kapuku	(appointed 01 Sep 2024)	DRC	-	
Ramakrishna Lella	(appointed 07 February 2019)	Indian	-	*

The directors are of the opinion that all transactions with related parties, further described in note 17 of the financial statements were conducted at arm's length.

#### Auditors

M/S Pool and Patel, Chartered Accountants, retire and being eligible offer themselves for reappointment.

#### Acknowledgements

The Directors wish to place on record their sincere appreciation of the valuable contribution, unstinted efforts and sprit of dedication shown by all the employees of the company. The Directors would also like to place on record assistance provided by our bankers, the regulators and the Government of Seychelles.

Eddy Kapuku

# STATEMENT OF DIRECTORS RESPONSIBILITY ON THE ANNUAL FINANCIAL STATEMMENTS FOR THE YEAR ENDED 31 DECEMBER 2024

#### Statement of directors' responsibilities

The directors are required to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for the period. In preparing those accounts, the directors are required to:

- Prepare financial statements on the going concern basis unless inappropriate to assume continuance of business:
- Select suitable accounting policies and then apply them consistently:
- Make judgments and estimates that are reasonable and prudent; and
- Disclose and explain any material departures from applicable accounting standards.

The Companies Act 1972 also requires the directors to keep proper accounting records, which disclose with reasonable accuracy at any time the financial position of the company. They also have the general responsibility for taking reasonable steps to safeguard the assets of the company and detect fraud and other irregularities.

The directors consider they met their responsibilities as set out in the Companies Act 1972.

The financial statements are signed by current directors of the company.

#### Approval of the financial statements

The financial Statements of the Company as indicated above, were approved by the Directors on 19 March 2025 and signed on behalf of the Board by:

Edd / Kapuku

20 March 2025

#### INDEPENDENT AUDITOR'S REPORT

#### AIRTEL MOBILE COMMERCE (SEYCHELLES) LIMITED

#### Opinion

We have audited the financial statements of Airtel Mobile Commerce (Saychelles) Limited set out on pages 7 to 17, which comprise the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, statement of changes in equity and cash flow statement for the year then ended, a five year financial summary and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the matters stated in the Emphasis of matter paragraph below, the accompanying financial statements give a true and fair view of the financial position of the company as at 31 December 2024, and its financial performance and cash flows for the period then ended in accordance with International Financial Reporting Standards (IFRS), the National Payment System (Electronic Money) Regulation, 2022 and requirements of the Seychelles Companies Act, 1972.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Seychelles, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of the financial statements in accordance with International Financial Reporting Standards (IFRS) and requirements of the Seychelles Companies Act, 1972, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the company's financial reporting process.

#### Emphasis of matter

#### (i) Going concern

The equity of the company is in deficit and the company is only able to remain a going concern due to the continued support it receives from its fellow subsidiary.

#### (ii) Non-compliance with the National Payment System (Electronic Money) Regulation, 2022

The company is non-compliant with section 5 (Capital requirements) of the National Payment System (Electronic Money) Regulation, 2022, which requires the company to hold unimpaired "initial capital" of not less than SCR1m. The regulator has, however, granted the company until 3 October 2025 to comply with the regulatory requirements.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### INDEPENDENT AUDITOR'S REPORT (cont...)

Auditor's responsibilities for the audit of the financial statements (cont...)

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- · Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
  - · Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal
  - · Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - · Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

ICAEW membership number of the engagement partner responsible for signing this independent auditors' report is 6813446.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 December 2024 All Amount are in Sevchelles Rupees unless stated otherwise

#### 1 Corporate Information

Airtel Mobile Commerce (Seychelles) Limited is a limited hability company incorporated and domiciled in the Seychelles. The address of the company's registered office is Airtel House, Josephine Carrine Road, Mahe, Seychelles.

The company provides electronic money services in Sevebelles.

#### 2 Going Concern

During the year, the company reported a loss before tax of SCR 353,058 (2023 SCR 135,050). As at year end, the company had a deficit in retained earnings of SCR 7,065,340 (2023; 6,436,486) and the company was in a net current liability position of SCR 8,321,920 (2023; 6,069,061).

The directors are of the opinion that the company is a going concern on the basis that the company:

- a) Will generate cash inflows from operations of at least the amount projected in the management's annual operating plan. The generation of sufficient cash flows from operations is driven by and is dependent or management achieving operational targets on subscriber numbers, churn rate and average revenue per user;
- b) Will obtain funding from the third parties; and
- c). The company will be able to obtain from the shareholders any additional funding required to meet its obligations as and when they fall due

The directors are confident that the measures described above will be available to the company to support its obligations as required and that it is therefore appropriate to prepare the tinancial statements on a going concern basis

#### 3. Summary of material accounting policies

The principal accounting policies applied in preparation or these tinancial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated below.

#### 3.1 Basis of presentation

The Financial statements of Airfel Mobile Commerce (Seychelles) Limited are prepared in accordance with the requirements of the Seychelles Companies Act, 1972, the National Payment System (Electronic Money) Fegulation, 2022 and the International Financial Reporting Standards (IFRS). They have been prepared under the historical cost convention.

The preparation of financial statements in conformity with IFRS requires the use of certain accounting estimates. It also requires management to exercise its judgment in the process of applying accounting policies. Areas involving a higher degree of judgment or complexity, or where assumptions and estimates are significant to the financial statements are disclosed in the notes.

#### 3.2 Functional and reporting currency

The financial statements are presented in the Seychelles Rupee, which is the reporting currency under the Companies Act, 1972.

#### 3.3 Financial Instruments

#### a. Recognition, classification and presentation

Financial instruments are recognised in the statement of financial position when the company becomes a party to the contractual provisions of the financial instrument. The company determines the classification of its financial instruments at initial recognition.

The company classifies its financial assets in the following categories:

- . those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortised cost. The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

The company has classified all non-derivative financial liabilities as measured at amortised cost.

Financial assets with embedded derivatives are considered in their entirety for determining the contractual terms of the cash flow and accordingly, embedded derivatives are not separated. However, derivatives embedded in non-financial instrument/financial liabilities (measured at amortized cost) host contracts are classified as separate derivatives if their economic characteristics and risks are not closely related to those of the host contracts.

Financial assets and liabilities arising from different transactions are off-set against each other and the resultant net amount is presented in the statement of financial position, it and only when, the company currently has a legally entorceable right to set-off the related recognised amounts and intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

The amounts held by electronic account holders in their mobile money wallets are presented separately in the Balance Sheet as "Mobile money wallet balance." The amounts held in bank on behalf of such electronic account holders are restricted for use by the company and are presented as 'Balance held under mobile money trust'.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 December 2024 All Amount are in Seychelles Rupees unless stated otherwise

- 3 Summary of material accounting policies (cont...)
- 3.3 Financial Instruments (cont ...)

#### b. Measurement - Non-derivative financial instruments

#### I. Initial measurement

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

#### II. Subsequent measurement - financial assets

The subsequent measurement of non-derivative financial assets depends on their classification as follows:

#### · Financial assets measured at amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost using the effective interest rate ('EIR') method (if the impact of discounting/any transaction costs is significant). Interest income from these financial assets is included in finance income.

EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability.

#### Financial assets at fair value through profit or loss ('FVTPL')

All equity instruments and financial assets that don't meet the criteria for amortised cost or fair value through other comprehensive income ('FVTOCI') are measured at FVTPL. Interest (basis EIR method) and dividend income from financial assets at FVTPL is recognised in the profit and loss within finance income/finance costs separately from the other gains/losses arising from changes in the fair value.

#### Impairment

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and debt instrument carried at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition. If credit risk has not increased significantly, twelve month expected credit loss ("ECL") is used to provide for impairment loss, otherwise lifetime ECL is used.

However, only in case of trade receivables, the company applies the simplified approach which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### III. Subsequent measurement - financial liabilities

Financial liabilities are subsequently measured at amortised cost using the EIR method (if the impact of discounting/any transaction costs is significant).

#### c. Derecognition

Financial liabilities are derecognized from the statement of financial position when the underlying obligations are extinguished, discharged, lapsed, cancelled, expires or legally released. Financial assets are derecognized from the statement of financial position when the rights to receive cash flows from the financial assets have expired, or have been transferred and the company has transferred substantially all risks and rewards of ownership. The difference in the carrying amount and consideration is recognised in the statement of comprehensive income.

#### New and revised Standard in Issue but not effective

#### a) New and amended Standards that are effective for the current year.

In the current year, the company has applied a number of amendments to IFRS Accounting Standards issued by the International Accounting Standards Board (IASB) that are mandatorily effective for an accounting period that begins on or after 1 January 2024. Their adoption has not had any material impact on the disclosures or on the amounts reported in these financial statements.

- Amendments to IA5 7 Statement of Cash flows and IFRS 7 financial instruments: Disclosures titled supplier finance arrangements
- Amendments to IAS 1 Classification of Liabilities as Current or Non-current
- Amendments to IAS 1 Presentation of Financial Statements Non-current Liabilities with Covenants
- · Amendments to IFRS 16 Leases Lease Liability in a Sale and Leaseback

#### b) New and revised Standards in issue but not yet effective

- Amendments to IFRS18 in relation to "Presentation and Disclosures in Financial Statements"
- Amendments to IAS 21 in relation to 'Lack of exchangeability".
- Amendments to IFRS 9 and 7 in relation to "classification and measurement of financial instruments".
- Amendments to Annual IFRS improvement in relation to 'Annual Improvements to IFRS Accounting Standards Volume 11".

#### 3.4 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax and deferred tax is recognised as an expense or income in profit or loss, except to the extent that it relates to items credited or debited directly to equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 December 2024 All Amount are in Seycheltes Rupees unless stated otherwise

#### 3 Summary of material accounting policies (cont..)

#### 3.4 Taxation (conf ...)

#### 3.4.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it also excludes items that are never taxable or deductible. The company's tability for current tax is calculated using tax rates that have been enacted or substantively enacted by reporting date. The payment made in excess/(shortfall) of the income tax obligation for the respective periods are recognised in the statement of financial position under income tax assets/income tax liabilities, respectively.

Any interest, related to accrued liabilities for potential tax assessments are not included in income tax charge or (credit), but are rather recognised within finance costs

A provision is recognised for those matters for which the tax determination is uncertain but it is considered probable that there will be a future outflow of funds to a tax authority. The provisions are measured at the best estimate of the amount expected to become payable or based on expected value approach, as applicable and are presented within current tax liabilities. The assessment is based on the judgement of tax professionals within the company supported by previous experience in respect of such activities and in certain cases based on specialist independent tax advice.

Current tax assets and tax liabilities are offset where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously

#### 3.4.2 Deferred tax

Deferred tax is recognised, using the liability method, on all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. However, the deferred tax is not accounted for if it arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit nor loss. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply when the related deferred tax liability is settled. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred tax assets, recognised and unrecognised, are reviewed at each reporting date and assessed for recoverability based on liest estimates of future taxable profile.

Deferred tax assets and habilities are offset if there is a legally enforceable right to offset current tax habilities and assets and they relate to income taxes levied by the same tax authority on the same taxable entity

#### 3.3 Foreign currency translation

Foreign currency transactions (if any) are translated in the Seychelles Rupee at the rate of exchange prevailing at the dates of the transactions. Foreign exchange gairs and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of income

The Banks closing rate for the period were:

	E	Exchange rates at 31 December		Changes	in percent
	2024	2023	2022	2024-2023	2023-2022
US S/SCR	14.98	14.58	14.48	-3%	-1%

There were no foreign currency transactions for the year

#### 3.6 Intangibles

Intangible assets are recognised when the company controls the asset and it is probable that future economic benefits attributed to the asset will flow to the company and the cost of the asset can be reliably measured.

Amortisation is recognised in income statement on a straight-line basis over the estimated useful lives of intangible assets from the date they are available for use or placed in service. The amortisation period and the amortisation method for an intangible asset is reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Software is capitalised at the amounts paid to acquire the respective license for use and is amortised over the period of license.

#### 3.7 Current versus non-current classification

The company presents assets and liabilities in the statement of financial position based on current/non-current classification,

Deferred tax assets and liabilities, and all assets and liabilities which are not current (as discussed in the below paragraphs) are classified as non-current assets and liabilities.

3 Summary of material accounting policies (cont..)

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 December 2024 All Amount are in Seychelles Rupees unless stated otherwise

#### 3.7 Current versus non-current classification (cont ...)

An asset is classified as current when it is expected to be realised or intended to be sold or consumed in the company's normal operating cycle, held primarily for the purpose of trading, expected to be realised within twelve months after the reporting period, is a cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

A liability is classified as current when it is expected to be settled in the company's normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within 12 months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

Derivatives designated in hedging relationship and separated embedded derivatives are classified based on the hedged item and the host contract respectively.

#### 3.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand and bank balances However, for the purpose of the statement of cash flows, in addition to above items, balance held under mobile money trust are also included as a component of cash and cash equivalents.

#### 3.9 Trade receivables

Trade receivables are initially recognised at the transaction price. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to original terms of the receivables.

#### 3.10 Revenue recognition

Company's revenue arises from service charge to its fellow subsidiary and customers for transactions through the Airtel Money platform.

Revenue is measured at the fair value of the consideration received for the provision of services in the ordinary course of the company's activities. Revenue is shown net of value-added tax (VAT).

#### 3.11 Trade payables

Trade payables are obligations to pay for goods and services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is required to be done within one year or less. If not, they are presented as non-current liabilities.

Analysis of revenue by category	2024	2023
Service charges for person to person (P2P) Transactions	3,884	1,818
Commission earned on Airtime Purchase, Merchant Payments & Payment Collection	188,781	257,351
